

## **CALLING ALL POTENTIAL NATIONAL SQUAD MEMBERS!**

The Economy is handing us yet further challenges as we build a team to represent the USA at the July World Championship Qualifiers in St. Lucia. USANA is answering these challenges by inviting individuals, clubs and associations to recommend players who are both capable and able to be considered for squad inclusion.

**USANA has already fund raised for the cost of accommodation and meals. Players will be expected to help fund raise the cost of the air fare to St. Lucia.**

**Initial training will take place on a regional basis - depending on numbers in that region.**

**Final selection will be made from those regional sessions and at The National Championships in June.**
